Design & Make a Briefcase, Structure or Bridge

Corrugated Plastic Boards

Build a basic structure with a craft knife, ruler, pencil, felt tip pen, hot glue gun, and rubber bands for holding things together as the glue sets. Quickly create 3D structures, model houses, model bridges, package designs, display pedestals, prototypes, model vehicles and more. A design challenge idea is to have students design and build a briefcase or storage box. Boards, in assorted colors, measure 3/8 in. T x 24 in. W x 48 in. H.
